## KERN LEADS FOR SENATOR

Indianapolis Ind Nov 15—  
Indiana democrats are putting  
forth a large crop of senatorial  
aspirants and the contest for  
Mr Hemenways seat is the  
liveliest in many years In  
fact there has been no such  
struggle since 1887 John W  
Kern defeated candidate for  
vice president seems to have  
the lead and has the backing  
of W J Bryan Benjamin F  
Shively with a creditable re-  
cord in congress and a very  
strong following is his chief  
competitor and a formidable  
foe He has been democratic  
candidate for governor and  
has been nominated for sen-  
ator before John E Lamb of  
Terre Haute George V Men-  
zies of Mount Vernon and L  
E Slack of Franklin are also  
active candidates There is also  
a possibility that Thos Tag-  
gart may enter the contest  
No one believes he could be  
elected, but he could so weak-  
en the Kern forces that Shive-  
ley would have a walk over  
Taggart and Kern have been  
such close friends however  
that this contingency is not  
greatly feared

is informed.

## MEAN NEGRO DEADLY SHOT

**Officers Murdered.---Pandemonium  
Reigned.---Riot Rampant.  
Four Were Killed.**

Late From Okmulgee.

Special from Okmulgee 2 30 p m

The citizens generally continue to  
discuss yesterday's tragedy when the  
sheriff of this county and assistant  
chief of police of this city a negro  
murderer and two brave negro as-  
sistant officers were killed It has  
been found necessary to require the  
presence of the militia and it is cer-  
tain that the local bullies can take  
care of any contingency

This wholesale killing through  
the undertaking to arrest a bad ne-  
gro who had beaten up an Indian,  
occurred near the Frisco depot and  
during the time the regular south-  
bound train was in front of the  
Frisco depot Practically the entire  
train load of passengers unloaded  
when the shooting began and ran to  
the rear end of the train and was  
looking interestedly and excitedly in  
the direction of the firing It ap-  
peared that some of the passengers  
were fresh from the east probably  
never having previously visited this  
section and even in the midst of the  
destruction of human lives it was  
almost humorous to notice some  
of the more timid ones when the  
bombardment proper began fly to  
the shelter of the front coaches

Okmulgee Ok Nov 15—Eight  
persons were killed and ten others  
wounded this afternoon in a fight  
between Jim Deckard a negro des-  
perado and law officers. The dead  
EDGAR ROBINSON sheriff of Ok-  
mulgee county

HENRY KLAMER assistant chief  
of police of Okmulgee  
Two negroes named Chapman  
(brothers)

JIM DECKARD negro  
Steve Grayson Indian boy fatally  
beaten

Vic fair chief of police shot  
through shoulder

Deputy sheriff name not learned  
arm broken

Seven others slightly wounded  
The disturbance began at the St  
Louis and San Francisco railroad  
station where Jim Deckard engaged  
in a fight with an Indian boy Steve  
Grayson and beat him into insens-  
ibility with a rock

Friends of Grayson notified the po-  
lice, and when Policeman Klam-  
er went to the station Deckard fled to  
his house near by, barricaded him-  
self in and when Klamer approached  
Deckard shot and instantly killed  
him Sheriff Robinson gathered a  
posse in a few minutes and hurried  
to the scene Part of this posse was  
made up of a group of negroes  
whom the sheriff commissioned as  
deputies As the posse approached  
the house Deckard opened fire with  
a rifle firing as rapidly as he could  
then reloading his weapon The sher-  
iff fell first instantly killed Then  
the two Chapman brothers negroes  
were slain Deckard's house was soon  
surrounded by a frenzied mob of  
armed men Fire was set to a house  
just north of Deckard's Volleys were  
poured into Deckard's house and he  
was shot down He was seen to roll  
over on the floor strike a match and  
set fire to his own house which was  
soon a roaring furnace in which his  
body was baked Deckard evidently  
had a large quantity of ammuni-  
tion stored in his house for many  
cartridges exploded while the house  
was burning

When it became known that no  
other negro had assisted Deckard  
against the officers the talk of repris-  
als subsided  
Governor Advised; Streets Patrolled.

A telephone message from Gov-  
ernor Haskell at 11 o'clock tonight  
says he will not order the Muskogee  
company to Okmulgee unless he re-  
ceives further information The offi-  
cials have advised him that the town  
is quiet though there is still much  
feeling over the event of this after-  
noon The streets of Okmulgee are  
being patrolled by armed men and  
it is thought morning will find the  
town restored to its usual quiet

During the past week district court  
has been in session at Okmulgee and  
there has been wholesale conviction  
of negro bootleggers Yesterday a  
protest was made because a white  
jury convicted the negroes as fast  
as they came up for trial A negro  
woman was to be tried Saturday  
and Judge Alexander had a special  
jury composed of negroes to try her  
She was acquitted This caused a bit-  
ter race feeling and tomorrow an  
effort will be made to quash the  
panel of negro jurors

while in the county jail tonight  
Haas shot himself through the head

with which Haas shot himself was  
concealed in his shoe where he hid  
it before shooting Heney

Another report says the pistol was  
secretly passed to Haas by a friend  
since his incarceration

No kind act ever goes unrewarded.

The democratic party in the nation is not completely squelched, nor is it in Oklahoma.

Principles of government live forever, and those who are in harmony with them will be able to make a satisfactory explanation.

This balmy weather is something akin to sunny Italy. Even Southern Texas could not give us a more bracing atmosphere or clearer skies.

With street caravans, an all-week opera company, Ada is assuming more metropolitan airs. Another thing about it is that the dear girl takes it demurely and just like she was accustomed to all of the bustle.

When the democrats from the broad prairies, the valleys, the hills, the "neck of the woods" and the "forks of the creek" all report, the majority will resume a safe majority over all opposition.

## WIDE SCOPE IN DECISION.

Fundamental Principles Outlined by U. S. Supreme Court.

New York, Nov. 15.—The sweeping character of the recent decision of the United States Circuit Court in declaring the American Tobacco Company to be a combination in restraint of trade is attracting widespread attention in business circles and among members of the legal profession who have given special attention to the trust question, not so much for its immediate effect, on the allied tobacco interests, but more particularly for its scope and effect upon all classes of industrial combinations engaged in interstate traffic. An appeal from this decision to the United States supreme court is now in active process of preparation by counsel in the case.

There has been a series of judicial interpretations of the Sherman act, both in the federal court and in the United States supreme court, but the consensus of opinion is that the recent decision in the tobacco case gives a definiteness and scope of interpretation for beyond any judicial utterances heretofore made. The full text of the decision disclosed, in the language of the judges, the gradual development of judicial interpretation of the law up to the present time, Judge Cox, one of the concurring judges, stating that "since the Knight case (against the sugar refineries) the tendency has been constantly toward a wider scope of the statutes".

## WAS THE LAST INDIAN FILING

Muskogee, Nov. 14.—The last Indian of the Five Civilized tribes to file on his allotment, walked into the Dawes commission and selected his land yesterday afternoon just before the gong in the hall of the Dawes commission clanged the hour of 5 o'clock.

He was an aged full-blood Cherokee. About twenty-five Cherokees filed yesterday. Those who did not appear will be arbitrarily allotted.

Thus another milestone in the history of the Indian in Oklahoma has been passed. The red man must now bear the white man's burden.

Work of Eleven Years.  
Eleven years ago a little party of government officials, headed by Harry L. Dawes, came to Muskogee and established what was known as the Dawes commission. Here they found a vast territory undeveloped with the cattleman in control.

It was the duty of this commission to divide millions of acres of land among 80,000 Indians, which was similar to the settling up of a vast estate. It was first thought the work could be done in three or four months, but this idea soon vanished.

when new obstacles daily confronted members of the commission. To ascertain the degree of blood of each Indian, to what tribe he belonged and the weeding out of the rightful land owners from the imposters was a gigantic task.

## CHINESE EMPRESS DEAD.

Dowager Empress Also Expected to Die.

Peking, Nov. 14.—The emperor died at 5 o'clock this evening. He had been ill for a long time and during the recent audiences with foreign representatives he was unable either to sit up on the throne or even in an erect position. It was evident for a long time that he would be unable to withstand a crisis which sooner or later must develop in the disease from which he was suffering. Recent climatic extremes caused fatal complications.

At the moment of the death of the emperor, the dowager empress' own death chamber chair was waiting in the courtyard. She too, had been in a serious condition and word that was brought to her earlier in the day that the emperor was dying caused her to collapse. This has prevented her from assuming the relationship of grand-mother to the successor to the throne, which, according to the Chinese system, would enormously augment her authority.

There is little indication of emotion among the people over the events which have been transpiring. The emperor's death and the probable death of the dowager empress within a very short time have had but little effect upon the Chinese, who are pursuing the even tenor of their way without signs of mourning.

Peking, Nov. 15.—Tse Hsi An, the Dowager Empress of China, the autocratic head of the government which she directed without successful interference since 1861, and without protest since 1881, died at 2 o'clock this afternoon. The announcement of the Dowager Empress' death was official and followed closely upon the announcement that Kuang Han, the Emperor, had died yesterday at 5 o'clock in the afternoon, but it is believed the deaths of both the Emperor and Dowager Empress occurred a considerable time before that set down in the official statements. An edict issued at 6 o'clock this morning placed on the throne Pu-Yi, the 3-year-old son of Prince Chun, the regent of the empire, in accordance with a promise given by the Dowager Empress soon after the marriage of Prince Chun in 1903. An edict issued Friday made Pu-Yi heir presumptive.

## PROF. GILBERT REED.

Tells About the Big Box Supper Which Will Be Pulled Off at His School Building Thanksgiving Night.

Gilbert Reed, who is engaged in teaching at the cross roads, known as the old Hird community, was in Saturday visiting home folks and incidentally transacting some business and looking after some details in the interest of his school. Mr. Reed was enthusiastic in his expressions relating to the progress of his school, appearing to appreciate very much the good treatment he receives at the hands of both his patrons and pupils.

Gilbert, as he is called by those grown folks in Ada who knew him through his high school and college career, is considered a young gentleman of more than ordinary promise. To the aid of a naturally bright mind and safe moral attributes, there has been afforded an advanced degree of finish through model home and class room training. But the above is not what Mr. Reed requested or would expect the News to publish. He did state to the reporter that there was going to be given a big box supper at his school house on Thanksgiving evening, the proceeds of which would be applied in the purchase of an organ. Since it is only a few miles out to the Hird cross roads, just a pleasant drive, it was thought that probably several could come out from Ada; in fact, Prof. Reed extends a cordial invitation to all the Ada folks who can, to come out to this box supper which has, for its purpose, as well as pleasure, the most beneficial intent.

## GIRL SHOOT AND KILLS NEGRO.

He Seized Her While She Was Alone in a Store.

Kansas City, Mo., Nov. 14.—Miss Corinne McCowen, 20 years old, clerk in a confectionery store, this afternoon shot Nowell Powell, a negro, inflicting wounds which caused his death half an hour later. Miss McCowen was alone in the store when the negro entered and asked for a cigar. When she placed some cigars in front of him he tried to seize her. She caught up a revolver and fired four shots, two of them taking effect. It was the negro's fourth visit to the store within a few hours. The young woman had a revolver handy and when he caught her hand she pulled away. According to his friends the negro had been drinking.

## Oklahoma Legislature.

Guthrie, Ok., Nov. 15.—Below is given a list of the members of the Second Oklahoma legislature. There are 109 in the house and 44 in the senate. Thirty-two members of the new house were members at the last session and three were members of the constitutional convention. Eleven of the newly elected senators were there last year, eleven being new, twenty-two holdover from last term. The political division of the constitutional convention was 99 democrats, 1 independent and 12 republicans; of the first legislature, house 109 democrats and 18 republicans; senate, 39 democrats and 5 republicans; or on joint ballot 120 democrats, 23 republicans. This year the strength on joint ballot will be 101 democrats and 52 republicans. However, two contests pending over house seats and two over senatorial seats could move the totals either way. The number of democrats given as the house membership contemplates all democrats seated, while the senatorial figures give one contest to democrats and one to republicans. These three are the only elections the new state has held. The address of house members is by county; the address of senators being by postoffice.

The regular Mothers' Meeting met in North Ada Friday afternoon. Officers were elected and December 11 decided as the next meeting.

Has a Brother in Ada.

In Sunday's Dallas News, a page write up is given the government immigration lieutenant at Galveston Among those mentioned for efficiency and whose picture appears in connection with it is E B Holman a brother of F W Holman the pharmacist at Ada Drug Company The News says

The immigration inspector in charge E B Holman Mr Holman has complete charge of the Texas water line In 1894 he was appointed secretary and member of the Ellis Island Board of Special Inquiry and remained there until Jan 1 1903 when he was sent to Galveston He is a Mississippian and attended the University of Mississippi

The process of passing on in coming passengers goes like clock work When a vessel is reported the health officer goes aboard at the quarantine station and the immigration inspectors boat goes out to it On the way to the docks the first and second cabin passengers are examined and on the boat landing they are ready to step ashore

The steerage passengers are next taken up Each has pinned to his or her clothing a large numbered card corresponding to the ship's records on which for convenience and accuracy each is given a number in addition to his name

It isn't so difficult to strengthen a weak stomach if one goes at it correctly And this is true of the heart and kidneys The old fashioned way of dosing the stomach or stimulating the heart or kidneys is

surely wrong! Dr. Shoop's first pointed out this error "Go to the weak of ailing nerves of those organs" said he Each inside organ has its controlling or "inside nerve" When these nerves fail then those organs must surely filter This vital truth is leading druggists everywhere to dispense and recommend Dr Shoop's Restorative A few days test will surely tell! WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes The kidneys filter the blood They work night and day When healthy they remove about 500 grains of impure matter daily when unhealthy some part of this impure matter is left in the blood This brings on many diseases and symptoms—pain in the back headache nervousness hot dry skin, rheumatism gout gravel disorders of the eyesight and hearing dizziness, irregular heart debility, drowsiness dropsy, deposits in the urine, etc But if you keep the filters right you will have no trouble with your kidneys

W Y Littlefield living on W 16th street Ada Okla says I procured Doans Kidney Pills at G M Ramsey's drug store and found most prompt and genuine relief from an aching through the small of my back that had caused me much misery for a long time Doans Kidney Pills not only relieved the distressing symptoms of kidney disorder and corrected that too frequent action of the kidney secretions but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear I am only too glad to recommend Doans Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used

We have sold goods in Ada six years, but we don't ask you to trade with us for the reason we do business in Ada or because we are friends. Neither do we send you prices and descriptions and insist on you sending us the money without personal inspection of our goods, as catalogue houses do, but ask for our trade on the broad ground of good, reliable goods, sold at fair prices and easy terms, with the fact made prominent that we carry a good reliable stock.

We call special attention to our Rockers shipped direct from the factory; no middle man's profit. They are selling fast. Six Upholster Rockers went out Friday and Saturday. ### Twin Sisters Admitted to Supreme Bar.

Washington, D. C., Nov. 14.—Two Washington women, Miss Ethel A. Colford and Miss Florence M. Colford, twin sisters, have been admitted to practice before the supreme court of the United States.

The Misses Colford have been practicing law in this city for several years and have been associated with their uncle, Clarence Colford. Their office is in the Bond building.

They were born in Halifax, Nova Scotia, but received much of their education here, graduating from the Convent of the Visitation. Their legal studies were pursued at the Washington College of Law, from which they graduated in 1903 as bachelors of law. The following year each received a degree of bachelor of law. Last year George Washington University conferred upon each of them the degree of master of patent law, this being a unique distinction, as they are the only women who hold that degree.

Shortly after graduating from the Washington College of Law they were admitted to practice before the supreme court of the District of Columbia and court of appeals. They are members of the Washington Legal Aid society.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Cough Caution

Never, positively never poison your lungs. If you cough—never from a simple cold only—yet should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a coughing pill. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this reason and others, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must be law on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

### ANOTHER DIVORCE PROBABLE

Miss Anna Gould Again in Trouble With French Counts.

New York, Nov. 14.—The second romance of the Princess de Sagan who was formerly Miss Anna Gould is shattered. Within the last 48 hours her close personal friends in this city as well as those connected with the care of her estate have learned she is being driven to the divorce court again.

A formal denial of the rumored di-

vorice was made by the princess yesterday but it was definitely learned from unimpeachable authority that the princess has been having a more distressing life with De Sagan than she had with her first husband, Count Boni Castellane, and that it is merely a matter of days before she will ask legal divorce.

A detailed story of the indignities that are said to have been heaped upon the American heiress is set

forth, according to her lawyer, in a copy of a petition by Castellane demanding the custody of his children. Efforts have been made to suppress the count's petition for a time, but it is said to be a scathing denunciation of Prince de Sagan's action since he married the divorced wife of the count. After learning of the count's charges the princess is said to have begun a suit for separation from her husband.
